Bonfire And Rally Set For Nov. 10

The annual Junior College bonfire and rally which preceeds the Menlo-San Mateo football game will take place on Thursday, November 10 according to Gordon Dunn, president of the associated students. The game itself will take place on Saturday, November 12, on the Burlingame High School Field.

"Things are being handled more systematically this year than ever before," said Dunn,"and, as a result, this bonfire should be the most successful of any thus far."

Hampton, Larsen in Charge

The leaders in the bonfire work are the two class presidents, Robert Hampton of the Sophomores, and Nails Larsen of the frosh. Due to the fact that Larsen is out for football, most of the active freshman work is being led by Herbert Joslin.

Both of the leaders have appointed committees, which will do a large part of the work. Both freshmen and sophomores will help build the fire, and all of the freshmen, according to tradition, will have the job of guarding the fire, once work is under way.

No plans have yet been made for speakers, but some good ones are certain to be chosen.

Tentatively, the base of the fire will be a sixty foot square, and if possible, will then rise for about fifteen yards, after which it will come to a point in a pyramid fashion.

Active work on the fire will take place this week-end, and by Tuesday evening the fire should begin to take its shape.

Much of the credit is due to Bob Hampton who is putting in endless effort in choosing committees and in arranging for the mechanical part of the job.

$126,418 Suit Follows Crash Here

Including one of the largest single requests for damages in the history of personal injury suits in the San Mateo county superior court, two lawsuits totaling $126,418.35 were filed with the county clerk this week, folowing a local automobile accident.

Miss Ruth Neuroth, 18, San Jose, who suffered a wrenched back and compression of the tissue of the vertebrae along the right side, asks $100,502.25.

Carl Cline, 20, former Sequoia swimming star and Stanford University student, seeks $25,916.10 for a fracture of the pelvis and other injuries.

Cline anf Miss Neuroth were injured April 9 on Santa Cruz avenue, one-half mile south of Menlo Park, when the car of Wesley Earl Thomas, San Jose, plunged into a ditch and through a fense, telescoping the body and critically injuring the occpuants. The two were guests of Thomas, according to the complaint.

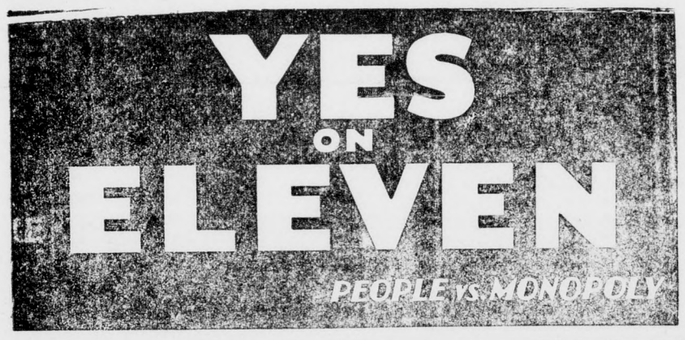

At the moment, the complaint states, Thomas had no right to be operating the car, his license having been suspended by the Santa Cruz police judge on March 28, less than two weeks before.

The complainants are suing through their parents, Mrs. Olga A. Cline on behalf of Cline, and Fred Neuroth on behalf of his daughter, Miss Neuroth.

Judge Buck's Opponent May Be Disqualified

Maxwell McNutt, who opposes San Mateo County's veteran Superior Court Judge George H. Buck at Tuesday's polls, may be disqualified as a result of an investigation into his legal residence in this county, it was revealed yesterday by a group of attorneys and civic leaders led by Frank M. MacGraw, prominent San Mateo resident.

Under the election laws of this state a candidate for Superior Judge must be a resident of the county from which he is elected for two years prior to his election. MacGraw, in a public address and before an investigating committee, revealed proof that McNutt was a registered voter in San Francisco in November 1930, and that he did not register to vote in this county until January, 1931, and never voted here until the Primary election in May, this year. Technically, according to MacGraw, McNutt is not legally qualified to seek the vote of the citizens of San Mateo County.

McNutt has campaigned, according to MacGraw, as a long-time resident of San Mateo County. MacGraw charges that McNutt has really been a resident of San Francisco, conducting his business there, and residing at 2373 Washington street.

Vote For The BONDS! Vote YES

McSweeney Urges Yes Vote On Proposition 16

In a communication to the voters A. McSweeney, tax collector of San Mateo County asks the voters to vote "YES" on Proposition No. 16. His argument follows:

I would suggest that every taxpayer large or small in San Mateo County vote "Yes" on State proposition No. 16 (Assembly Constitutional Amendment No. 2)

This piece of legislation will aid in eliminating what developed to be a sort of "racket" during the last few years whereby some self-constituted expert may come into the various counties in the state and suddenly announce to the populace that there was a delinquent tax against one's property way back in the 60's or 70's.

This proposed legislature provides, beginning August 14th, 1932, that all **tax liens over thirty years old** shall be conclusively presumed to have been paid if the property subject to the tax has not been sold as provided by law for the non-payment thereof. It has been shown in this county some of the old tax rolls of the 60's, 70's and 80's in some cases are in such shape that they may show taxes as unpaid which were in fact paid.

The law passed by the legislature in effffect simply provides that when the state for thirty years has not exercised its right to sell the property for delinquent taxes and when the time allowed by law for the state to sue to collect taxes has long since expired the lien of the tax should be removed also.

Obviously it is quite unfair to permit the state to wait thirty anr sometimes sixty years till all the parties are dead and private records are lost and then endeavor to enforce a lien for taxes with all the accrued penalties. This constitutional amendment in no way affects the collection of the present taxes. It does not apply to cases in which the state has sold property for the non-payment of taxes. It merely gives the legislature power to provide a law whereby property which has not been sold for non-payment of taxes within thirty years after the taxes are levied shall be releived of any lien for taxes.

A. McSWEENEY,
County Tax Collector, San Mateo County.

Ex-Service Men Are Enthused Over Hoover Campaign In County

Great interest is being manifested by Ex-Service men of Menlo Park, in the drive for votes for the President, now being conducted by the members of the Hoover Veterans' League of San Mateo County, which has its headquarters at 229 Second avenue, San Mateo.

Large numbers of Ex-Service men have enrolled in this organization and each city and town of the county is represented on the Executive Committee of the League. They are working hard to bring out the full Hoover vote in their respective communities.

J. B. Howell of Atherton when interviewed this moring gave the following statement:

"It is rapidly becoming apparent that there is no foundation for the propoganda which has been so freely circulated to the effect that the sentiment of the Ex-Service man in against the President in this campaign. On the contrary it is daily becoming more and more apparent that a large majority of the Veterans appreciate the benefits which they have received at the hands of the past three Republican Administrations in the form of hospitalization, disablility allowances, pensions and civil service preferment, and are rapidly becoming convinced that it would be prejudicial to their own interests as well as to those of their wives and children to fail to support the President at this critical period."

COUNCILMAN W. E. DALE ASSISTS LOCAL SCHOOL

Councilman W. T. Dale, local grocer, when moving to his new location last week came across a large quantity of dishes, cooking utensils, spoons, forks, knives, egg beaters, and many other things that he did not really know who to do with as he did not wish to move the material, and probably did not intend to carry it in his new location on Santa Cruz avenue, just back of the Menlo Hardware store.

After considering the matter for a time he finally hit on the idea that most likely the material would be of use at the local grammar school, in the dispensing of the daily hot lunch which is served to the pupils. He at once got in touch with the ladies who have this work in hand, and was informed that the material was just what was needed, and now the crockery and other utensils are all washed up and doing duty at the school.

Mr. Dale is to be complimented on his generosity and public spiritedness.

In every store and most every home there is something which can be turned to usefullness if the right place can be found for it.

HOME SECTION OF P. T. A. HOLDS BUSY MEETING

The Home Section of the local Parent-Teacher Association met at the home of Mrs. Thomas on Laurel avenue Tuesday afternoon and spent the time sewing.

Materials furnished by the Red Cross, for the making of boy's shirts had been secured by Mrs. F. Beach and Mrs. J. Wm. Ryan cut out the shirts, while the rest of the ladies present did the sewing.

The Home Section is also working on a quilt to be given as a prize at the conclusion of the series of card parties for the benefit of the school lunch.

BELLARMINE OPENS DEBATE CAMPAIGN

Progress made in weekly private debates of Bellarmine Senior Debating Society will be tested in San Francisco next Monday evening at 8:15, where Bellarmine speakers will defend the negative against St. Ignatius High on the question: Resolved that the Wright Act Should Be Repealed.

Representing Bellarmine are Bertram F. Schirle, John G. Doll and Joseph M. Geary.

According to the announcement of Rev. Joseph S. Brusher, S. J., debate coach, dual meets have been arranged with Los Gatos and San Mateo High, while others are being negotiated.

LOCAL HOME DAMAGED BY FIRE SUNDAY

The home of C. H. Niederhauser on Llameda de las Pulgas near the Santa Cruz avenue extension was slightly damaged by fire last Sunday.

The roof and attic were burned to some extent and the fire is said to have been caused from sparks from the chimney. The local fire department extinguished the blaze and the damage is estimated at $50.

Dr. and Mrs. David Shepherd of this city gave a Hallowe'en surprise party Saturday evening for their son, Paul, and daughter, Jean. Supper was served and games played. Those present were Deborah Anderson, Dorothy Spohr, Emily Noel, James Reichel, Donald Patterson, John Canning, Lloyd Spohr and Reid Scott.

Mr. and Mrs. De Lancey Lewis of this city have had as their guests for the past few days Mrs. George A. Batchelder and Mr. Kittridgee Batchelder of Santa Barbara. The group have been attending the opera in San Francisco.

Mr. and Mrs. L. E. Harris will motor to Carmel Sunday to assist in the selection of a newspaper plant to be installed by Ranald Cockburn, owner of the Carmel Pine Cone. Mr. Cockburn is well known in this city where he attended the Menlo School. He is a former editor of El Roble Blanco, the school newspaper and a tanented young man along newspaper lines.

The public at large is urged to vote "NO" on Proposition No. 9 on the ballot at the coming election. It will jeopardize the school funds if carried.

Vote "Yes" For Work Relief Bonds And Help Your Neighbor

The passage of the $350,00 Relief Bond Issue in San Mateo County at the election on November 8, is the most important local issue before the voters of this County. 6,000 men, women, and children—our own fellow citizens—are dependent, through no fault of their own, on public funds for their actual food.

These people are not of the type generally dependent on public relief. These are the people who normally are good citizens and taxpayers. The supreme court has ruled that the present economic condition constitutes a public calamity which must be taken cognizanceof. The law of California specifically demands that each County provide funds to take care of its own indigent sick and dependent. The Board of Supervisors, should the Bonds fail to pass, will be under the mandate of law to provide funds for this relief through a tax levied for this purpose. The result of such a tax would work distinct hardships among many small home owners and in many cases would be confiscatory.

The only alternative is the Bond Issue, which can be paid for over a period of years when times are better and many of the present unemployed will be again in the taxpaying class. The common laws of humanity make it emphatic that no one of our fellow citizens shall suffer actual want and starvation this winter. They fust be fed.

The necessary two-thirds majority vote for the oBnd Issue will provide this absolutely necessary relief at the least possible cost and the least possible delay for our unfortunate fellow citizens.

BY ALL MEANS VOTE "YES" FOR THE WORK RELIEF BONDS.

A vote to retain President Herbert Hoover for another four years is the best bet. He is capable of leading the nation out of its present critical condition. Give him the opportunity and remember what Lincoln said: "Don't change horses in the middle o fthe stream." The country can't aqord a change in its protective policies at this time.

Be sure and vote YES on the big $350,000 Work Relief Bonds next Tuesday.

Agriculturists Urging Vote To Retain Hoover

TO THE EDITOR:

The voice of California agriculture—with its many allied lines—(such as fruits, vegetables, melons, dairy, cattle, cotton, grapes, raisins, dried fruits, walnuts, almonds, sugar beets, avocados and calavos, eggs and poultry, meats, potatoes, grains, rice, oil, beans, manufactured products and others—representing billions of dollars in this state and which state derives its greatest income from these products)—asks that city and rural voter alike to overwehlmingly retain Herbert Hoover's outstanding leadership and the strong "protective" tariff.

We of California depend not upon vaque "promises" of a "deal" that would certainly be "new" indeed when compared to the party's past record of free and nearly free foreign entries into our markets, but upon the ASSURED strong protection to our worker, our farmer and our American markets, paticularly in these times of unemployment here at home! Shall we risk allowing foreign products to flood our markets, cutting in half the already too-low prices and drive us to ruin? —Remember, boatloads of foreign fruits, cattle, grains, oil and whatnot could be sold almost tomorrow in New York at some HALF of our actual cost—were it not for our Republican protective tariff!

Why are the presidents of the California Fruit Growers' Exchange the Mutual Orange Distributors, the Calavo Growers of California, the California Walnut Association, the California Sugar Beet Association, the five-times president of the American Petrolium Institute in California, and countless other industries urging the re-election of Hoover and the positive tariff assurance? Their producers have "legitimate" fear from the Democats "competitive" tariff "theory." And recollect that during the last Democratic regime, it was only the World War's use of foreign surplusses and ships that prevented American dollars buying cheaply produced products and going to foreign lands. That traiff, averaged one-eighth of the present 1930 traiff. applying to only several of the many local products now protected! And 37 foreign farm traiffs were radically raised just before 1928, not after 1930.

Herbert Hoover's record of accomplishments stand above all others in the world for progressive action, despite belittling and misleading Democratic campaign propoganda.

Strong Vote Against No. 3 Needed Tuesday

Three former public officials of California are urging their fellow citizens to vote "NO" on State Proposition No. 3, the so-called "trust deed measure." Former Governor C. C. Young, Former Lieutenant Governor H. L. Carnihan, and former Superintendent of Public Instruction, Will C. Wood, agree that this initiative measure is a threat to the welfare of the State.

Says former Governor Young:

"I looked into this proposal years ago when it was submitted as a bill in the Legislature, and have always been convinced that, instead of helping the borrower as alleged, it will really work almost unbearable hardship upon him.

"It means a probable raise in interest rates as well as a reduction of the amount which can be borrowed upon real estate.

"It means that prospective owners will find similar difficulty in financing a home, and that through this contraction of credit, real estate values will be lessened in addition to the large depreciation caused by the present economic depression."

Says former Lieutenant Governor H. L. Carnihan, who has also been Building and Loan Commissioner of California:

"The most vicious feature of the proposed law is the provision that the court at the time of foreclosure fix a rental value on the property sold. If during the period of redemption the occupant fails for fifteen days only to pay rent, he must be ousted from possession."

Says Will C. Wood, educational leader and former Superintendent of Banks:

"This bill will make the cost of borrowing higher; it would make it impossible to borrow as much as at present on rea lestate, and it will work great hardship on present borrowers when the time come to renew their loans.

"It will make it much more difficult for men, especially young men, with little capital, to buy farms and homes on a small down payment.

"It will check the rising volume of business, retard sales of real estate, and hamper the movement of contractors and builders to provide employment in the building trades."

Assessor Daniel P. Flynn of San Mateo County also opposes the measure, giving as one reason that it would increase taxes on real and personal property.

Vandals Roam Over Campus Hallowe'en Nite

Halloween at Menlo was not without its playful pranks. Much to his surprise Mr. James B. Howell walked out of the Upper House and viewed his car filled with certain amounts of rubbish and all four tires flat as the well known pancakes. M. Howell, being greatly put out after his gigantic discovery, threatened to destroy any people connected with the dastardly deed.

The door of the administration building was decorated most aptly by a bovine creature whose actions attracted much attention of passers by. Certain very mature people enjoyed a return to their far distant childhood by racing about switching off lights and wrecking the rooms of their dear friends.

The local grammar school on the highway also suffered to the extent that the bicycle shed was wrecked and an attempt made to upset the handball court.

Many of the business houses in the city report minor pranks such at the carrying off of signs, painted and soaped windows and other things typical of Hallowe'en.

Many street signs around the city were torn up and otherwise demolished to please the whims of vandals who enjoy injuring others.

It is about time that something was done to stop the Hallowe'en deviltry that is called fun today.

Bert J. Mehl has leased the old O'Keefe home on the highway and moved his family here from Los Angeles. He will continue to reside in this city.

Francis Dembroge, manager of the Liddicoat market here, underwent an operation at the Palo Alto Hospital last Monday. He is doing nicely and will soon be back at his post.

It is reported that a new chain store will soon be put in operation in this city.

An urgent appeal to the Mayors of 275 California cities to publicly oppose State Proposition No. 4, and to issue proclamations urging its defeat by an overwhelming majority was made yesterday by the California League of Municipalities. It would lead directly to depriving the cities of some $2,500,000 a year which they now receive from State high way funds, and in addition would imperil the grants made at the discretion of the State to aid municipalities in constructing or improving highway "links" through cities.

Don't forget Judge George H. Buck when you go to the polls on Tuesday. His long service deserves a vote and he lives in Redwood City.

The local fire department was called out Monday evening when gas escaping from a broken service main in the rear of the Menlo Hardware store was ignited by a rubbish fire. No damage was done by the blaze.

Mr. and Mrs. J. Wm. Ryan of the Menlo Park Hardware Store are leaving this evening for Sacramento on a business trip.

Proposition No. 3 wears a false face!

Masquerading as "relief," as "remedial," as "beneficial" it is not what it seems.

Vote NO

It is not designed to give relief to any one, but to *convert every foreclosure into a law suit.*

It will increase deficiency judgments by making them automatic if sale bid does not cover all charges including attorneys' fees.

The pretended protection of the right to redeem is destroyed by compelling the owner to pay rent or be dispossessed in the event of foreclosure.

It will increase foreclosures by making renewals and new loans difficult and costly.

The rights of borrower and lender will be clouded by the many confusing provisions of the measure.

H. S. Eleven Meets Big Aztec Team Saturday

Coach Sparks, league leading footballers, will travel to Los Gatos Saturday to meet the gigantic Montezuma eleven on the Aztecs home ground. The Redmen boast a line averaging 190 pounds and a heavy fast backfield. Although Montezuma has a world of material they have not been able to show much of an offense or a defense losing their first league game to the strong Tamalpais team 18-7.

Alan Michaels is definitely out for the season with a wrecked hip he received in the San Rafael game. Ineligibility has claimed MacFarlane, Lake and Breen from the Varsity also Tucker on the second string. These players will be greatly missed and Coach Sparks has a great task ahead of him remolding his team.

IT COSTS LESS TO KEEP THEM WELL

when your home is heated with Natural Gas

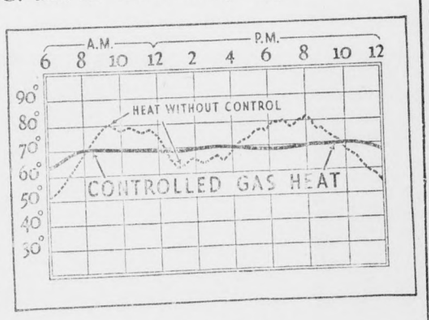

Women used to dread rainy days! When the weather kept the children indoors they were bound to become restless, playing about the house first in warm rooms then in cold. It was too much to expect of a busy mother to keep up a furnace-fire that gave whole-house warmth. But that was before Controlled Gas heating was available.

Today there is no excuse for part of the house being cold and part of it warm. Today there is no need either for bothersome fire-tending. Controlled Heat by Natural Gas is a truly carefree system of housebeating that assures even "Comfort Zone" warmth in every room, regardless of the weather. Clean, quick-acting heat flows from Natural Gas heating equipment at a finger's touch on an electric button, key or automatic thermostat.

Once Controlled Heat was labelled with a high-cost price tag. Only the wealthy could afford it. Today, the low cost of Natural Gas heating equipment makes Controlled Heat available to thousands who have always wanted it but thought they could not afford it. Investigate this modern Natural Gas heating equipment at your local dealer's store or at the P. G. and E. Do it today—right now.

CONTROLLED HEAT

With gas fuel you can have maximum heat instantly available and keep it regulated to any temperature desired. Controlled heat from gas heating equipment is possible by merely turning a valve or handle, by pressing a button to get high, low or medium heat, or by setting an electric thermostat to automatically maintain any desired temperature.

Mariners Fall Before Coach Sweet's Gridders At Kentfield In Nite Game

Corbella And Hall Score Touchdowns For Menlo Oaks

Menlo scored their first conference victory last Friday night at Kentfield when they defeated Marin Junior College, 14-6. The Oaks scored their touchdowns in the third and fourth periods. Marin scored her lone marker against a flock of substitutes in the closing minutes of play.

Menlo received the opening kickoff on their 20 yard line and marched down the field only to be stopped on Marin's 30 yard line. After an exchange of punts Menlo threatened several times, keeping the ball deep in Marin territory due to long runs by Anderson and long passes from Sparling to Hall. However, Menlo was unable to score and the first half ended nothing to nothing.

In the third quarter Captain Corbella recovered a Marin fumble on the thirty yard line. A 0 yard pass, Sparling to Hall placed the ball on the 10 yard stripe. From this point Corbella plunged over on the third down. Sparling converted.

Intercepted Pass

Menlo's second touchdown came after Larsen intercepted a Marin pass on the 30 yard line and Sparling again threw a 20 yard pass to Hall who shook off several tackles on his way over the goal line. The conversion was made by Sparling.

Coach Sweet sent in his reserves at this point of the game. Marin opened up with a passing attack which netted them their lone touchdown. The gun went off while the ball was in the air.

Corbella Shines

Line Captain Durant returned to his old form again and was instrumental in the Oaks victory. Anderson and Flanders both played a good game despite injuries. Giddings, Larsen, Hart and Will played their usual good game in the line. Sparling and Hall played brilliant ball in the backfield. Captain Corbella because of his consistend good playing both on defense and offense seems to be heading for conference honors.

Coach Sweet To Start Second Team Saturday

Santa Rosa's Record Not Impressive; Menlo Favorite

Coach Russ Sweet and his big Oaks will journey up to Santa Rosa next Saturday to clash with the Santa Rosa Jaysee outfit in a conference game. The game is slated to start at 2:30 p. m.

Santa Rosa has not an impressive record this season. In the five games played this season, the Santa Rosans have lost four games and won one contest. The past two games have shown an improvement in the team, having won from S. F. State and losing a hard fought game to San Mateo.

Strong Passing Attack

Menlo will be on the watch for the Santa Rosa's passing attack. In the San Mateo game they showed that they had a strong aerial game. Several long gains resulted from well executed pass plays. The outstanding feature of the Santa Rosans is the defensive playing of the team. The Oaks will need some good blocking to gain through the line. Their passing defense is a little weak.

Fresh from a victory over Marin last week, Menlo is favorite to win over Santa Rosa. Coach Sweet has decided to start his second team, Saturday and will let them play the entire contest if they can hold their own against Santa Rosa. The main purpose of starting the reserves is to give all the fellows a chance and also to improve themselves in blocking, tackling and team work.

Tough Practice Sessions.

All week there has been hard practices. The varsity has been practicing defense while the starting line-up has been trying to master the offense.

The starting line-up will consist of Curia at center; Boyce and Milligan at guards, both first year men and hard fighters but lacking in height and weight; the tackles will be Finlay and Tarpey, two of the heaviest men on the squad; at ends Thomas and McFadden will watch the proceedings of the Santa Rosa offense; the backfield unit will be comprised of Lindsay, Durant, McIsaac, and Watson. Durant is playing halfback due to his showing last week in the Marin game. Lindsay and Watson are two good ball carriers who are constant threats to score. McIsaac's chief duties will be blocking and pass receiving. Others who will see plenty of action are O'Hair, Waltz, Lynch, Hofman, Mann, and Niswonger.

Joint Jaysee Smoker To Be Held At Marin

Menlo Junior College has been invited to attend a smoker with San Mateo, Santa Rosa, and Marin Junior Colleges at Kentfield on Wednesday evening, November ninth. Athletic leaders are to take part in the program.

Major Charles T. Vandervort stated that action will be taken on the invitation by the Executive Council, the next meeting of which is on November eighth.

COUNTY OF SAN MATEO)

Before me City Clerk in and for the State and county aforesaid, personally appeared L. E. Harris, who, having been duly sworn according to law, deposes and says that he is the Publisher of the Menlo Park Recorder and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, L. E. Harris, Menlo Park, Calif.

Editor L. E. Harris, Menlo Park, Calif.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.)

L. E. Harris, Menlo Park, Calif.

Olive A. Harris, Menlo Park, Calif.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)

None.

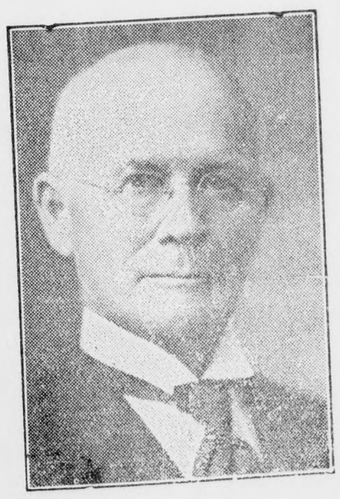

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

L. E. HARRIS,

Sworn to and subscribed before me this 28th day of October, 1932.

"WELL, WHAT ARE YOU GOING TO DO ABOUT IT?"

The Challenge

To the fair-minded, square-dealing, neighborly people of California, Enthroned Monopoly asks the question. The voters of the State will furnish the answer on November 8.

The Issue

At Huntington Beach is one close to the hearts of Californians. The people should own the beaches, but at Huntington Beach an international oil corporation, in the enjoyment of monopoly, straddles a strip of beach like a giant spider, sucking up and consuming the natural wealth which rightfully belongs to city and State. Amendment No. 11 on the ballot grants to Huntington Beach the same rights reserved to other coastal cities of California, and affects only that strip of beach already claimed for oil production by private monopoly.

The Effect

Of the adoption of Amendment No. 11 will be to permit Huntington Beach and the State of California to share in the profits from the people's oil now being drained for the benefit of private monopoly through the drilling of offset wells, and thus materially reduce taxes for city and State.

A Small Town

Is fighting for its rights against a great corporation and makes its neighborhood appeal that you vote YES on Eleven.

Group Views Heavens Through Telescope

A group of Menlo boys in charge of Dean Roy J. Pryor, Mr. Laurence Campbell, and Mrs. James Earps squint at a star cluster, then at Saturn through the 36 inch and 12 inch telescopes at the Lick Observatory Saturday evening.

The bus left Menlo after lunch and arrived at Smith's Creek for dinner in the afternoon. The boys at once fell to playing ball games of various sorts. Hobart Leonard was elected to wash the dishes. For dinner the boys had steaks and pie a la mode.

After dinner the bus started for the Observatory, where the group looked through the telescopes and examined the displays. After seeing the stars, the bus started for Menlo at 9:30.

The boys on the trip were: Ted Euphrat, Tom Patterson, Charles Springmeyer, Bobby Fuller, Tom Gilboy, Dick Northcraft, Leonard Wipfler, Jim Zellerbach, his brother, Richard Zellerbach, and Hobart Leonard.

Debate Team Defeats Santa Rosa Orators

Menlo Affirmative Team Loses To Modesto

Making their first appearance of the season last Friday, the Menlo Junior College debating team scored a victory and absorbed a defeat.

The negative team composed of Donald McIsaac and Richard Jacobi debated the question,"Resolved that a Federal Department of Education should be created with a secretary in the President's Cabinet." They met Santa Rosa Junior College at Santa Rosa on Friday afternoon and won by a three-to-nothing score. McIsaac, a veteran debator, handled himself very well, while Jacobi, a new prospect, was accorded a rating of one hundred per cent by a certain judge.

Affirmative Lose

Upholding the affirmative at Menlo were Jim Clark and Ed Taaffe. They met the Modesto Junior College team and lost by a two to one decision. The same question was debated at Menlo as at Santa Rosa.

The results of this debate show that Menlo was able to get four of six judges and is thereby off to a good start in the league. There will be three more debates this season extending into next semester. Debating is good practice in thinking and public speaking and is heartily endorsed by the faculty.

Thanks are due to the members of the faculty and friends of the school who helped to make the debate at Menlo a success.

Coach Spark's Team Downs S.R.M.A. 27-7

Acorns Now Lead League With Two Wins And No Defeats

The High School Varsity stepped into the lead in the Private School Conference race here last Saturday morning when they trounced the undefeated San Rafael Military Academy team 27-7. Milt Haggard was again Menlo's big star scoring three of the four Menlo touchdowns. San Rafael, although they offered more competition than Damon, were not able to cope with a strong Menlo attack and scored their only touchdown on a long pass.

Dave Breen scored early in the first period on a long end run climaxing a Menlo drive of about eighty yards. Haggard converted from placement. Two more Menlo touchdowns were chalked up before half times as a result of the heavy line attack of the Acorn backs. Haggard scored the first of these on a 35 yard run around the right side of the Menlo line. The second came after a long run by Wingfield was halted on the Soldiers' two yard stripe, Haggard carrying the ball over on a short line play. Menlo scored a safety when a hurried San Rafael kick went out of bounds in the end zone. The score at half time stood Menlo 21 San Rafael 0.

San Rafael Scores

In the third quarter Bill Maxwell snatched a San Rafael pass and started off down the field only to be caught from behind on the thirty yard line after a twenty yard gallop. Haggard quickly scored from this point on another of his spectacular end runs. Here Coach Sparks started using the subs with the game on ice. After the kickoff San Rafael came through with a long pass from Calvert to Correa which was good for a sixty yard gain and a touchdown. They added the extra point on an identical pass.

San Rafael was handicapped by a lack of reliable substitutes and the steady Menlo onslaught was too much for their regulars. The Acorns showed for the first time a steamroller offense and a good defense against everything but passes.

Menlo's starting lineup was: Ends, Chidester and Michaels; Tackles, Rodgers and Lundin; Guards, MacFarlane and Lake; Center, Johnstone; Quarterback, Losse; Halfbacks, Breen and Bovet; Fullback, Haggard. The substitutes were Maxwell, Brandt, Cross, Nathan, Rodgers, Parry, Nixon, Wingfield, Henderson, Howell, and Russell.
